

<u>Learning activities out of school</u> <u>2019/20</u>

Name of pupil:	School: Staining C of E Primary
----------------	---------------------------------

If you do activities in the evenings, at weekends or during holidays, this form should be used to record the learning you complete there.

Please ask an adult at the organisation to give details of your activity in the table below. If the organisation wishes to become a Learning Destination, please provide details and a member of the CU team will be in touch to discuss further.

Take the completed form back to school, where these hours will be recorded in your passport.

Learning Activity	Organisation	Dates from/to	Hours of learning	Signed	Date

Learning Activity	Organisation	Dates from/to	Hours of learning	Signed	Date

Please remember that the Children's University is designed to reward resilience and perseverance. When signing for hours of learning, please be accurate. E.g. If a session lasts for 1 hour, parts of that session will be used for register, socialising etc. Perhaps only 30 minutes will be spent learning new skills. If that is the case, then only 30 minutes learning should be recorded on the form.

Please note: The playing of matches does not count as new learning and should not be included on this form.
