## Accessibility Plan 2019 – 2022

## Our Mission Statement

At Staining Church of England Voluntary Controlled Primary School, in a Christian atmosphere of faith and trust, we aim to provide a safe, happy and stimulating environment for learning. Our vision is of a Christian school that has high expectations of its children and the adults who work here. We aim to develop the full potential of all our pupils, whilst nurturing strong links between the school, home, church and wider community.

This is achieved by:

- Valuing all members of the school community
- Being guided by Christian principles and living, and building these into the school ethos
- Encouraging alert and agile minds, a sense of curiosity and awe and wonder of learning
- Providing a stimulating and creative education of the highest quality, through a broad and balanced curriculum
- Fostering awareness of individuals to ensure they develop a respect for themselves and each other as children of God
- Sharing and celebrating the Christian faith, academic successes and achievement within the school and in the community
- Developing care and respect for their environment and the community in which they live
- Welcoming in to the school parents and representatives from the local church and community
- Show children they have rights, but also responsibilities, within a loving and tolerant community
- Celebrate diversity, ensuring fairness of opportunity
- Enhancing support or challenge for individuals through quality teaching and focused interventions, ensuring individual children's needs are met through the excellent knowledge of the class teacher

### **Purpose of the Accessibility Plan**

This plan shows how Staining CE Primary School intends, over time, to increase the accessibility of our school for disabled pupils, staff, parents/carers and visitors.

### **Definition of disability**

A person has a disability if he/she has a physical or mental impairment that has a substantial and long term adverse effect on his/her ability to carry out normal day-to-day activities.

### **Areas of planning responsibilities**

- Increasing access for disabled pupils to the school curriculum (this includes teaching and learning and the wider curriculum of the school such as participation in after-school clubs, leisure and cultural activities or school visits)
- Improving access to the physical environment of school (this includes improvements to the physical environment of the school and physical aids to access education).
- Improving the delivery of written information to disabled pupils (this will include planning to make written information that is normally provided by the school to its pupils, available to disabled pupils. The information should take account of pupils' disabilities and pupils' and parents' preferred formats and be made available within a reasonable time frame).

### **Contextual Information**

Staining CE Primary School is a single-storey building located next to St Luke's Church. Improvements over recent years have included a new library, a disabled toilet, a new main entrance and a wider KS2 corridor which includes new toilets and cloakroom. Most entrances to the school are wheelchair accessible, although two entrances to KS1 classrooms and one entrance to KS2 have a small step. KS2 classrooms are quite crowded which would make movement around them in a wheelchair quite difficult.

At present we have no wheelchair dependant pupils, parents or members of staff.

### **Current range of known disabilities**

The school has children with a range of disabilities which include moderate and specific learning disabilities.

### **Increasing access for disabled pupils to the school curriculum**

Improving teaching and learning lies at the heart of the school's work. Through self-review and Continuous Professional Development (CPD), we aim to enhance staff knowledge, skills and understanding to promote excellent teaching and learning for all children. We aim to meet every child's needs within mixed ability, inclusive classes.

It is a core value of the school that all children are enabled to participate fully in the broader life of the school. Consequently, all children have always been permitted to attend age relevant afterschool clubs, leisure and cultural activities and educational visits. The only exception would occur if a child had breached school rules when deprivation of club

attendance may be used as a suitable short-term sanction and to ensure the safety of others.

### **Improving access to the physical environment of the school**

We are constantly seeking to improve the physical environment of the school within the financial constraints of the available budget.

Provision, in exceptional cases, will be negotiated when a pupil's specific needs are known.

We have a wide range of equipment and resources available for day to day use. We keep resource provision under constant review as the needs to our population change. The school's improvement planning process is the vehicle for considering such needs on an annual basis.

### **Improving the delivery of written information to disabled pupils**

This will include planning to make written information that is normally provided by the school to its pupils, available to disabled pupils. Examples might include handouts, textbooks and information about school events. The information should take account of pupils' disabilities and pupils' and parents' preferred formats and be made available within a reasonable time frame.

In planning to make written information available to disabled pupils we again need to establish the current level of need and be able to respond to changes in the range of need. The school will need to identify agencies and sources of such materials to be able to make the provision when required. The school's ICT infrastructure will enable us to access a range of materials supportive to need.

Target	Strategies	Time-scale	Responsibility	Success Criteria
Review information to parents/carers to ensure it is accessible	Provide information and letters in clear print in 'simple' English. Provide translations to non-English speaking families School office will support and help parents to access information and complete school forms Ensure website and all documents accessible via the school website can be accessed by the visually impaired	During induction and on-going  By end school year	Bursar/ Headteacher	All parents receive information in a form they can access  All parents understands what are the headlines of the school information
