

hold it and count to ten

your survival guide with young children

- 1 Recognise your child as an individual right from the start
- 2 All children are different – comparing them is not always helpful
- 3 Give their needs and your own enough time in the day
- 4 Don't ask more of them than they can manage
- 5 If tempers flare – hold it and count to ten – they need you to stay calm
- 6 Look after your own health as well as theirs
- 7 Don't take on more tasks than you have to
- 8 Parents need other parents for support – your Health Visitor will put you in touch
- 9 If you feel low and lonely – don't stay isolated
- 10 Above all – don't get desperate, get help
